ECHELON

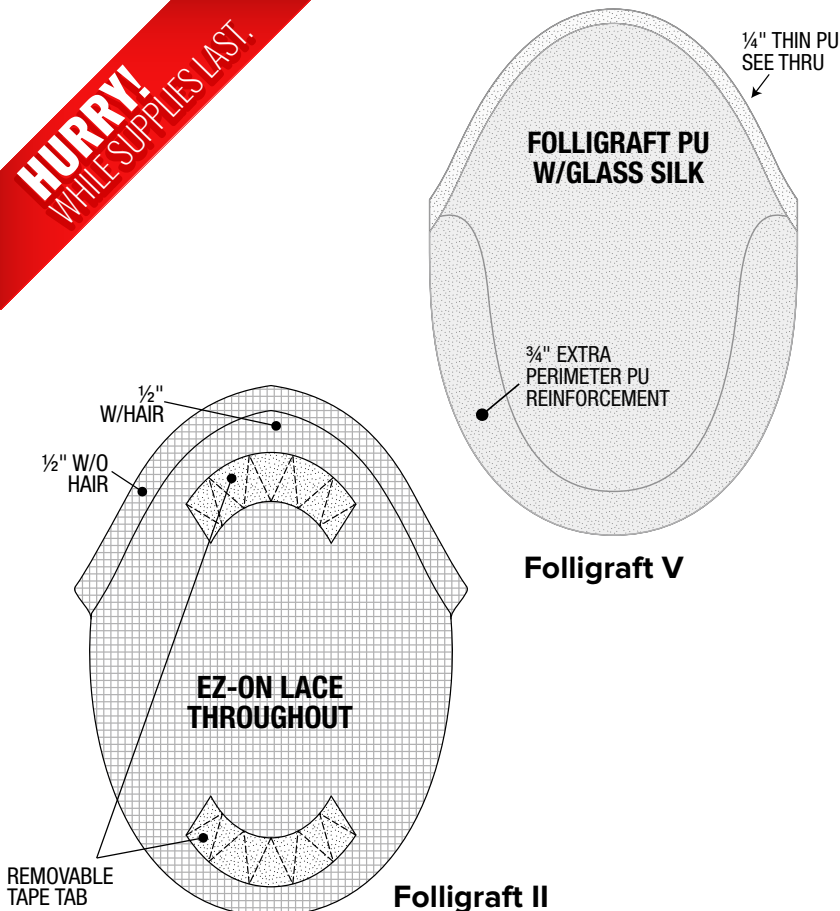

Size:	8" x 10"
Density:	Light to medium (115%)
Type:	Diamond Hair with synthetic grey
Length:	5" to 6"
Curl:	25mm
Colors:	Color ring #6165 see pages 16-17
Life:	4-6 systems per year for optimal results*

The first 3" of vented lace has undetectable knotting for a natural front appearance. The remainder of the base is a single layer construction of Super Fine EZ-On Lace connecting to a PU membrane with a small scalloping connection. Choices for attachment methods include perimeter or full-head bonding with ultimate cutaway options.

Human hair is the very best hand-selected Remy hair with a high denier shaft.

FOLLIGRAFT SERIES

HURRY!
WHILE SUPPLIES LAST.

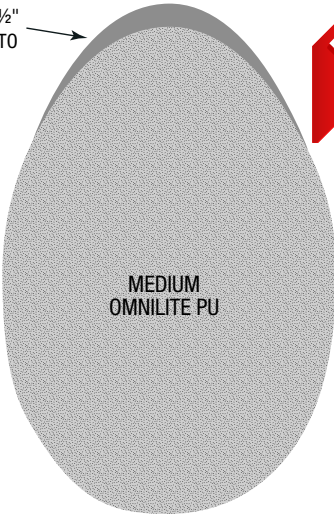

Size:	7" x 9"
Density:	Light to medium (115%)
Type:	100% human hair. Grey synthetic up to 50%. Extended greys available. See page 16.
Length:	4" - 6"
Curl:	28mm
Colors:	Color ring #6165 see pages 16-17
Life:	4-6 systems per year for optimal results*

The exclusive Java Knotting technique provides secure knots for the Folligraft series. When these grafts are applied to your client's scalp, they form a skintight fit without bumps or ridges, leaving them with only a full head of hair.

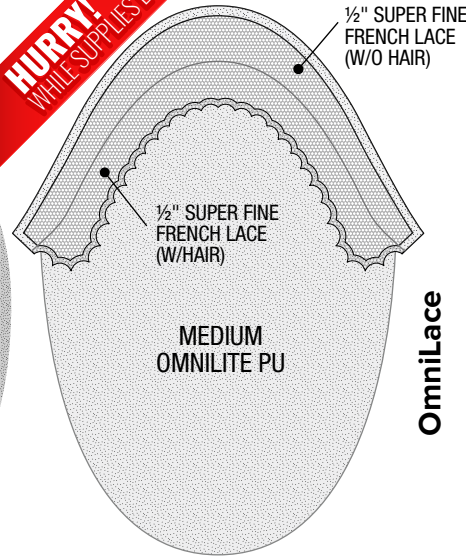

OMNI SERIES

EMPTY 1/2" ADDED TO FRONT

OmniLite

HURRY!
WHILE SUPPLIES LAST.

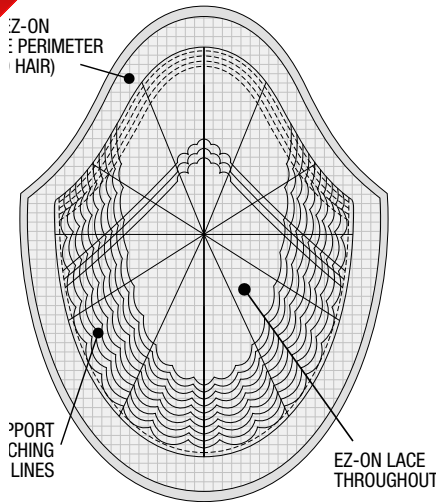

OmniLace

- Size:** OmniLite: 7" x 9" OmniLace: 7½" x 9½"
- Density:** **OmniLite:** Medium (130%) **OmniLace:** Light to medium (115%) in lace front. Medium (130%) rest of unit.
- Type:** 100% human hair. Grey synthetic up to 50%. Extended greys available. See page 16.
- Length:** 4" - 6"
- Curl:** 30mm
- Colors:** Color ring #6165 see pages 16-17
- Life:** 4-6 systems per year for optimal results*

Both models are constructed with medium OmniLite PU. The OmniLite has a scalloped #6 front while the OmniLace features a Super-Fine lace front. The reverse wet knot in the OmniLite PU provides a secure 360° freestyle. The lace front is ventilated with a small single knot for a natural hair line.

VERSALITE [REGULAR AND SMALL. ONLY SMALL IS BEING DISCONTINUED.]

HURRY!
WHILE SUPPLIES LAST.

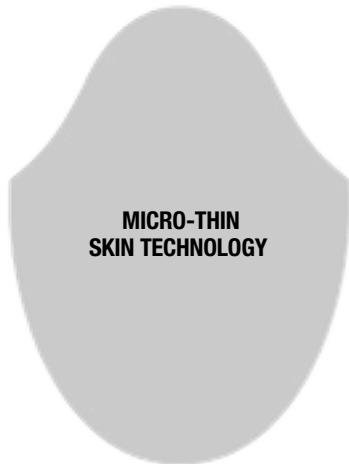

- Sizes:** **Regular** 7½" x 9½" | **Small** 6" x 8"
- Density:** Light to medium (115%)
- Type:** 100% human hair. Grey synthetic up to 50%. Extended greys available. See page 16.
- Length:** 4" - 6"
- Curl:** 30mm
- Colors:** Color ring #6165 see pages 16-17
- Life:** 4-6 systems per year for optimal results*

A single layer EZ-On Lace with base-reinforced stitching around the perimeter allows this graft to be easily cut to any size or shape.

Designed for a variety of attachment methods, Versalite is ideal for membership programs or daily wear.

RAZOR

- Size:** 8" x 10"
- Density:** Extra light (80%)
- Type:** 100% human hair. Grey synthetic up to 50%. Extended greys available. See page 16.
- Length:** 4" - 6"
- Curl:** 25mm
- Colors:** Color ring #6165 see pages 16-17
- Life:** 12-18 systems per year for optimal results*

Micro-thin skin and V-Loop ventilation provides a more realistic look.

*Even though individual results cannot be guaranteed, we recommend the following guidelines for the optimal look.

EDGE SERIES

Size: 8" X 10"

Density: **LITE, LACE:** Light to medium (115%) **EDGE & PLUS:** Light (100%) **XT:** Extra Light (80%)

Type: 100% human hair. Grey synthetic up to 50%. Extended greys available. See page 16.

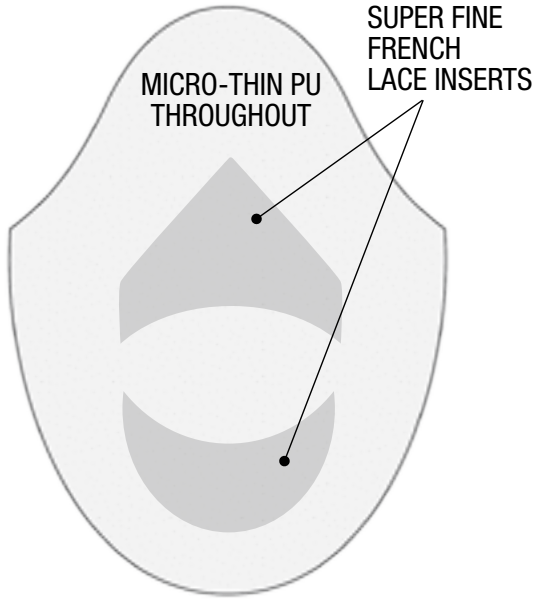

Length: **Lite, Lace, Edge & Plus:** 4½" - 5½" **XT:** 4" - 6"

Curl: **EDGE, PLUS, & XT:** 25MM, **LITE & LACE:** 28mm

Colors: Color ring #6165 see pages 16-17

Life: 6-8 systems per year for optimal results*

HENRY

HURRY!
WHILE SUPPLIES LAST.

Size: 7 1/2" x 10 1/2"

Density: Medium to heavy (150%)

Type: Human hair with synthetic grey

Length: 4" - 6"

Curl: 25mm

Colors: Color ring #6165. See pages 16-17

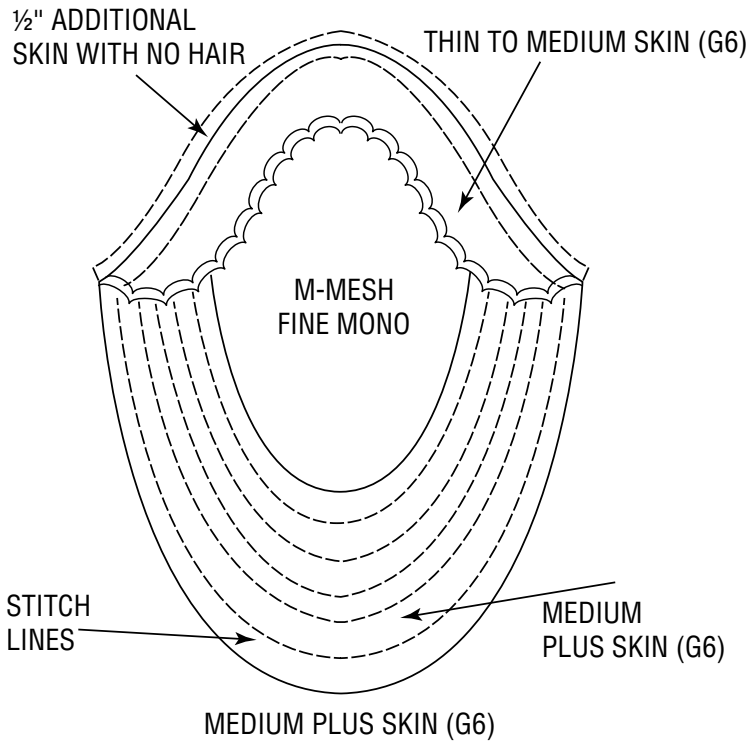

Life: 4-6 systems per year for optimal results*

The Henry has the density needed for the client who wants thick hair. It has two cutaway options and will blend perfectly into your client's own hair.

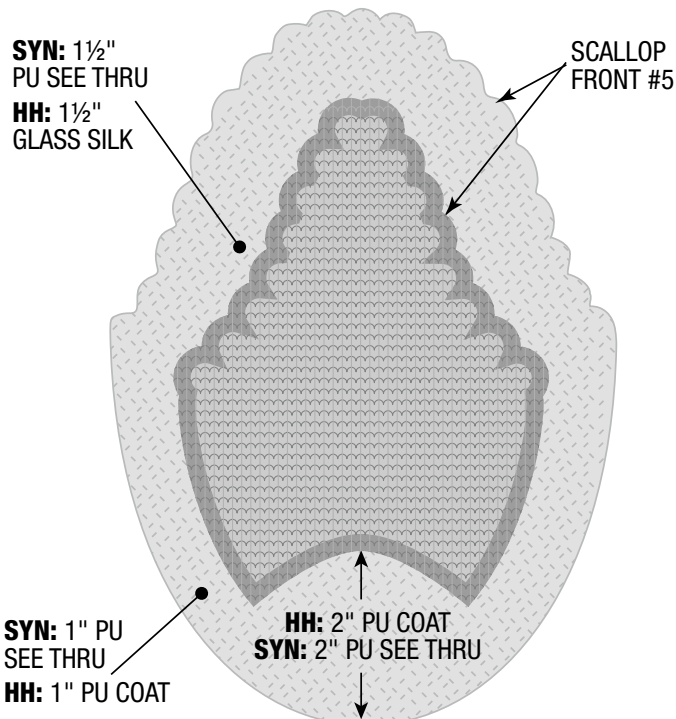

PATRICK

The popular Patrick line is known for its combination of durability and believability.

Patrick Syn 2

Patrick HH

PATRICK HH OR SYN 2

Size:	7" x 9"
Density:	Medium (130%)
Type:	HH: 100% human hair. Grey synthetic up to 50%. Extended greys available. See page 14. Syn: Synthetic fiber
Length:	4" - 6"
Curl:	HH: 25mm Syn: 22-25mm
Colors:	HH: Color ring #6165. See pages 14-15. Syn: Synthetic color ring #1100. See pages 16-17.
Life:	4-6 systems per year for optimal results*

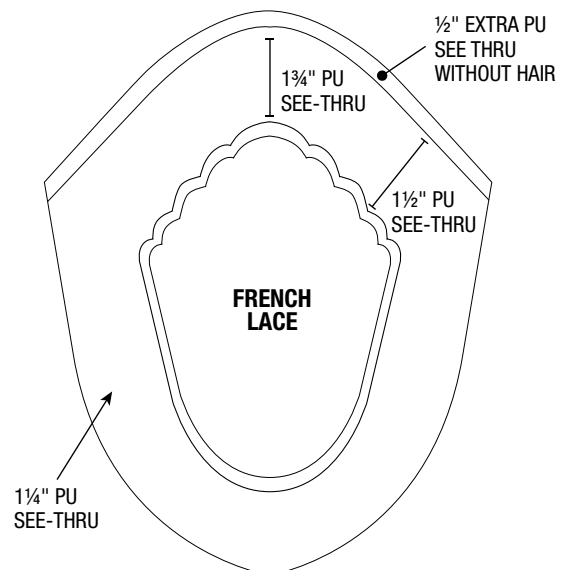

PATRICK ELITE

Size:	8" x 10"
Density:	Medium (130%)
Type:	100% human hair. Grey synthetic up to 50%. Extended greys available. See page 14.
Length:	4" - 6"
Curl:	25mm
Colors:	Color ring #6165 see pages 16-17
Life:	4-6 systems per year for optimal results*

The Patrick line features a scalloped front for a natural appearance. The Patrick human and Elite can be used as a daily wear for bonded applications. The Patrick synthetic is recommended for daily wear only.

The Patrick Elite is made with a French lace center and a thinner PU perimeter than the Patrick human hair. The design also is V-Looped in front.

Patrick Elite

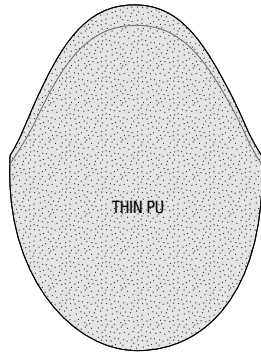

*Even though individual results cannot be guaranteed, we recommend the following guidelines for the optimal look.

TECHNOGRAFT SERIES SEE EACH RESPECTIVE PRODUCT FOR OPTIMAL RESULTS

Technograft I

For optimal results, we recommend 12-18 systems per year*

Thin PU throughout graduating to lighter weight in front.

Size: 8" x 10" **Density:** Light to medium (115%)

Type: 100% human hair. Grey synthetic up to 50%.
Extended greys available. See page 16.

Length: 4" - 6" **Curl:** 25mm

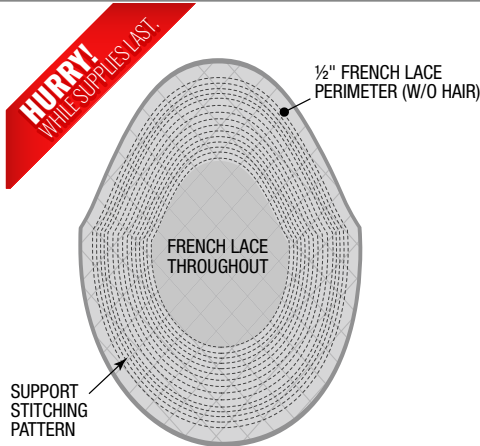

Colors: Color ring #6165 see pages 16-17

Ventilation of the first three rows of hair are V-Looped for a realistic appearance.

Technograft II

For optimal results, we recommend 6-12 systems per year*

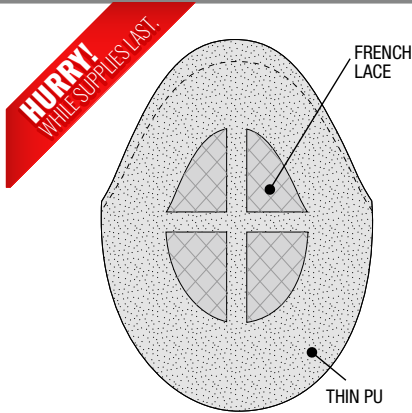

French Lace throughout with support stitching pattern.

Technograft III

For optimal results, we recommend 8-12 systems per year*

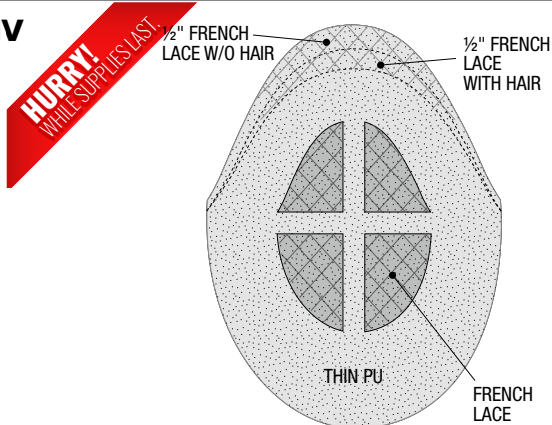

Thin PU with four French Lace inserts in the center.

Technograft IV

For optimal results, we recommend 8-12 systems per year*

French Lace front, thin PU perimeter with four French Lace inserts.

PERMAGRAFT SERIES

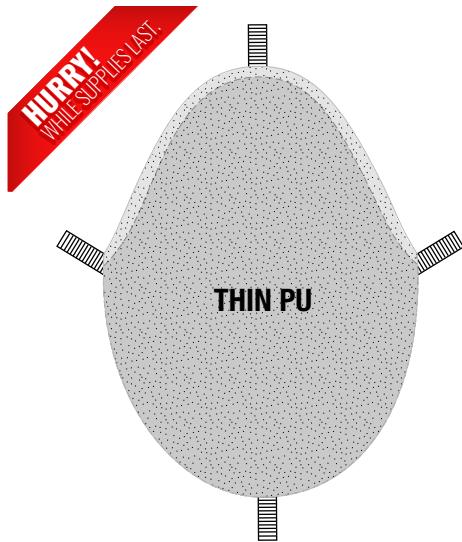

Size:	8" x 10"
Densities:	See product illustrations
Type:	Human hair with synthetic grey
Length:	4" - 6"
Curl:	25mm
Colors:	Color ring #6165 see pages 16-17
Life:	8-12 systems per year for optimal results*

The front hairline root areas of the Permagraft Series are lightened to be virtually undetectable. The ventilated hair direction is freestyle.

The first three rows of Permagraft I, III, and IV are V-Looped. Densities range from Light to medium (115%).

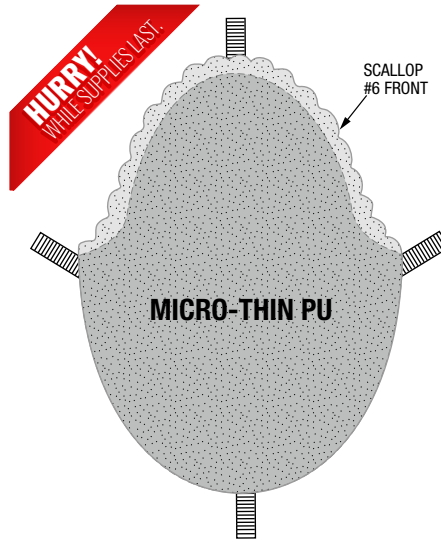

Permagraft I

Thin PU throughout, V-Looped in front. Density is light in sections 1, 3, 5 and Light to medium (115%) in section 2, 4 and 6.

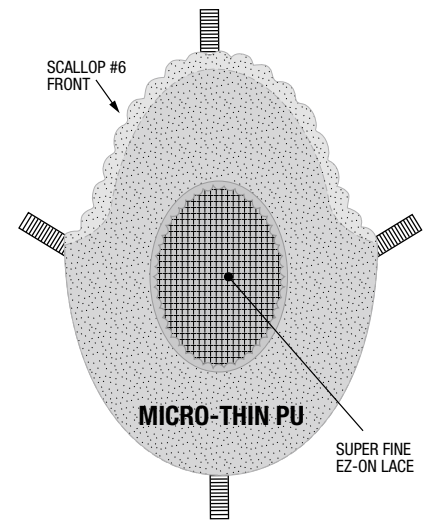

Permagraft III

Micro-thin PU throughout. V-Looped scallop front and Reverse Split Knots in other areas and Light to medium (115%) density throughout.

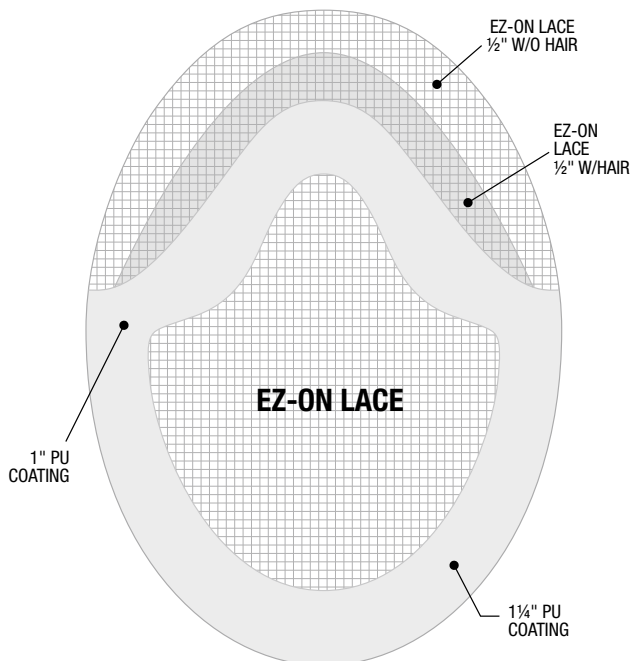

Permagraft IV

Micro-thin PU and a Super Fine EZ-On Lace in the center. Scallop front. Light to medium (115%) density throughout. V-Looped ventilation with Reverse Split Knot in other areas.

ALAN-LM

Size:	7 1/2" x 9 1/2"
Density:	Light to medium (115%) in the lace area, Medium (130%) in the rest of the unit
Type:	Human hair with synthetic grey
Length:	6"
Curl:	28mm
Colors:	Color ring #6165 see pages 16-17
Life:	4-6 systems per year for optimal results*

The Alan-LM combines conventional perimeter attachment designs with a lace front. There are multiple design possibilities as the lace front provides a more rounded hairline which can be altered to fit the hairline of any client. The Alan-LM can be clipped on, taped on, perimeter bonded, or grafted.

*Even though individual results cannot be guaranteed, we recommend the following guidelines for the optimal look.

AFRO II

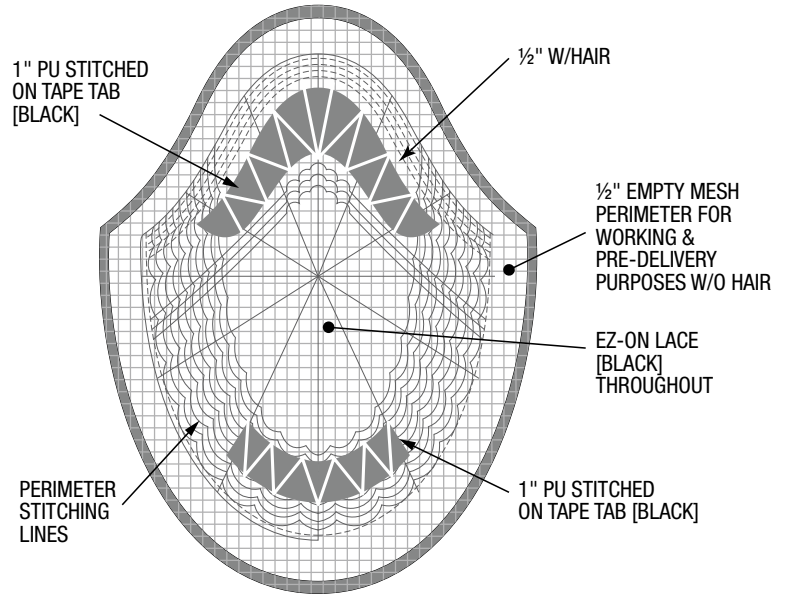

Size:	7½" x 9½"
Density:	Light
Type:	Human hair with synthetic grey
Length:	2" to 2½"
Curl:	4mm chemically permed
Colors:	Color ring #6165 see pages 16-17
Life:	4-5 systems per year for optimal results.*

A single layer EZ-On Lace allows this graft to be cut to any size or shape without fuss or limitations to styling. Choices for attachment methods include taping, clipping, or full-head bonding.

Length: 4" on front graduating to 2" at sides and nape of neck

Curl: 25mm

Colors: Color ring #6165 see pages 16-17

Jorgen

MEN'S
PREMIUM HAIR CARE

A UNIQUE APPROACH TO HAIR CARE FOR **EVERY HAIR TYPE**

Formulated using carefully selected ingredients balanced to provide optimum performance while keeping your client's hair looking great.

Jorgen products are **environmentally responsible** and are **not tested on animals**.

SHAMPOOS

SHAMPOO (8 OZ. 4233, QT. 4134)

Recommended for extended and daily wear as well as naturally growing hair. Gently cleanses the hair and helps protect the hair from color loss.

VOLUME PLUS SHAMPOO (8 OZ. 4243)

[For natural growing hair] A unique bodybuilding shampoo utilizing hydrolyzed yeast protein and magnesium which penetrates into the cortex of the hair shaft to deep condition and promote hair strength thus deterring hair loss.

MEDICATED SHAMPOO (8 OZ. 4240)

A non-alkaline medicated shampoo that is effective against dandruff. Prevents build-up which can cause scalp irritation and discomfort.

MOISTURIZING SHAMPOO (8 OZ. 4258)

Designed for natural normal, dry and damaged hair. Restores moisture to even the most damaged hair bringing it back to its natural luster and shine.

STYLING

FINISHING SPRAY (8 OZ. 4221)

Highly recommended to maintain a natural-looking hairstyle with a light hold and no excessive build-up. Contains sunscreen to provide protection from discoloration and fading.

SLEEK (8 OZ. 4221)

Strengthens hair while adding a healthy finished shine.

SCULPTING/HOLDING SPRAY (8 OZ. 4246)

Blended to correct and maintain proper moisture balance and holding strength. Added sunscreen protects the hair from damaging ultra-violet rays and oxidation.

WET LOOK LOTION (8 OZ. 4237)

Conditions hair while adding body and a styled wet look.

ULTRA HOLD GEL (8 OZ. 4267)

Perfect for dramatic effects, subtle curls, or high scrunch look. Retains moisture, increases shine and flexibility, while adding body with no flaking or dulling. Protects hair from damaging oxidation.

CONDITIONERS

CONDITIONER (8 OZ. 4227, QT. 4128)

Designed to penetrate and strengthen the hair shaft and helps eliminate tangling protecting the hair from breakage by adding body and luster.

LEAVE-ON CONDITIONER (8 OZ. 4206, QT. 4107)

Formulated to help eliminate tangles, making hair easier to style, while adding extra elasticity to prevent hair breakage.

PROTEIN CONDITIONER (8 OZ. 4249)

Oil-free deep treatment provides the hair with moisture, strength, shine and a proper pH-balance. Added sunscreen protects against damage.

MOISTURIZING CONDITIONER (8 OZ. 4261)

Softens and smoothes the cuticle layer restoring hair to its natural condition and shine.

MAINTENANCE

OXIDATION MAINTENANCE SPRAY (8 OZ. 4255)

Excellent because of its hydrolyzed human keratin content. When sprayed on wet hair, it will react like a styling lotion and help neutralize the peroxides remaining on the hair shaft.

RECONSTRUCTOR TREATMENT (8 OZ. 4264)

Formulated to rebuild and restore chemically damaged hair by repairing the hair shaft deep inside the cuticle restoring its natural shine and color.

RENEW (8 OZ. 4230)

Provides a clean, healthy, oil-free scalp for better hair graft adhesion.

WET CLEAN (8 OZ. 4215, QT. 4116)

[Use on synthetic fiber only.] Formulated to help hold knots longer and prevents slipping. Contains color guard that protects against discoloration and keeps your hair system fresh and clean.

ENHANCER (8 OZ. 4224)

[Use on synthetic fiber only.] Specially formulated to condition and prolong the body and luster of synthetic fibers.

AMBER SUPER SOLVENT (8 OZ. 4252, QT. 4153)

Removes most soft-bond medical adhesives from your client's scalp, hair, and hair graft.

BIO-ENZYME (8 OZ. 4269)

Spray-on, leave-in scalp cleaner and odor eliminator contains highly activated, non-pathogenic bacterial cultures that decompose and eliminate fats, oils, cellulose, and detergents leaving hair thoroughly clean.

Perma Rite
EXTREME XL 18:
Extreme bonding for your extreme clients.

Specially formulated for oily scalps, high humidity, and heavy perspiration.

Benefits of using Perma Rite Extreme XL 18:

Extra moisture protection:

Perma Rite Extreme XL 18 is specially formulated to resist moisture, making it ideal for use in humid or wet environments.

Higher melting point:

Perma Rite Extreme XL 18 has a higher melting point so it can withstand higher temperatures without melting or losing its bond strength.

800-327-5555

The best investment you can make in your studio is improving the quality of the work it produces.

Hair Academy®

The Hair Academy is excited to incorporate the highly successful CrossFit Hair Training curriculum developed by New Image.

HAIR ACADEMY X CROSSFIT INDUSTRY TRAINING

Takes your business to the next level. Unleash your potential with the ultimate training experience.

Now, more than ever before, we make education easier for you to achieve more for your business. The Hair Academy's CrossFit Educational Training prepares you and your staff to be the best in the hair replacement industry, PERIOD.

With the merger of two powerhouse businesses, we have created the ultimate training facility for business owners and hair stylists.
